A) Share split

It is agreed to carry out a share split of the Company's shares in the proportion of 2 new shares (whether of Class A or of Class B) for each 1 of the existing shares (whether of Class A or of Class B).

This share split will take place by means of decrease in the nominal value of the Company's shares, as a result of which the nominal value of Class A shares will go from the current value of Euro 0.50 per share to Euro 0.25 per share, and the nominal value of Class B shares will go from the current value of Euro 0.10 per share to Euro 0.05 per share. Therefore, the number of the Company's Class A and Class B shares will increase, being multiplied by two.

Once the share split is carried out, in execution of this resolution, the Company's share capital, the nominal value of which will not change as a result of the share split, will be represented by ordinary Class A shares with a nominal value of Euro 0.25 per share, and by non-voting Class B shares with a nominal value of Euro 0.50 per share.
